2. This Statement, which is the responsibility of the Company's Management and approved by the Company's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India. Our responsibility is to issue a report on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of Company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited financial results prepared in accordance with applicable accounting standards and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, including the manner in which it is to be disclosed, or that it contains any material misstatement.

Covid-19 impacted entire world much more than any other pandemic in last hundred years completely halting the progress of the mankind. The past quarter was unprecedented as COVID-19 pandemic impacted the operations in the early part of the quarter. However, the Company was able to recover from the early setbacks and slowly reached normalcy by June 2020.

"The economy and market has just survived a high magnitude pandemic effect. After a full month of lockdown in April, and a staggered resumption of operational activity in May and June, we could manage

to curtail our effective production loss to 50 days during the quarter. This impacted the operational performance significantly and thereby resulted in decrease in profit during the quarter. While it is not possible to predict normalization of market and economy, our efforts are aimed towards responding to crisis with agility and ensuring business continuity. We have managed to weather the storm and demonstrated that our fundamentals are strong. While slow demand still continues, we are looking at a better H2 2020 compared to H1”.

Although production and dispatches at all the plants of the Company have commenced during last week of April/first week of May, 2020, normalcy of operations and business level almost restored to pre Covid levels by June, 2020.

We continue to face major problems of manpower at all our plants as attendance is still lower at around 70-75%.

We have committed Rs. 50 lakhs of our annual CSR budget during this quarter to support several Covid impacted communities as India Fights Corona. Separately, we have also offered support to resume operations through complimentary sanitization drives and distribution of food and groceries kits to several families around the factories, while also providing complimentary Sanitizers to essential service workers of police and Municipalities.

Commenting on future prospects:

Mr. J. Lakshmana Rao, Chairman and Managing Director, said that from June 2020 there is decent restart in the demand for packing products for Lubricants, Food and FMCG though it is far below normal. The Company looking into other opportunities to widen the product range in caps, closures and pumps. Steps are being taken to start manufacturing of pumps for sanitizers, Hand wash and other liquids by Nov'20, with a capital outlay of about Rs.12 crores.

Mr Laxman Rao .J, CMD believes that despite the significant reduction in revenue and profits of the Company for the quarter ended June 30, 2020, Moldtek is working towards normalcy and hope to recover the Q1 revenue losses in the remaining 3 Quarters of the Financial year. However, in view of the highly uncertain economic environment, a definitive assessment of the impact on the subsequent periods is highly dependent upon circumstances as they evolve.
